

Project presentation

Be creative! – Enhancing soft skills while performing, is a European project launched in the framework of the Erasmus+ programme dealing with partnerships for creativity in adult education.

The project was launched in June 2021 and will end in May 2023.

Project **Be creative!** brings together partners from France (Association for the management of European funds - AGFE), Belgium (CIEP), Spain (Infodef), Cyprus (CSI), Estonia (OÜ Vestifex), Norway (MIR) and Turkey (Manisa il Milli Egitim Mudurlugu).

Be creative! will strive for empowering educators and adults to foster soft skills in order to smooth social and professional integration.

Soft skills are defined as character traits or interpersonal aptitudes that affect the ability to work and interact with others.

Therefore, together:

1. partners will create an andragogy method and training resources for adult education professionals (trainers/counsellors/teachers) to enable them to build participative, empowering and emancipating training sequences using Cultural activities (especially live performance activities and techniques);
2. once professionals trained, they will accompany vulnerable adults learners (project targeted group/final beneficiaries) to enhance and mobilize their soft skills to integrate society.

Deliverables presentation

To achieve the abovementioned goals, the partnership will elaborate:

Be creative! training kit

The kit consists of a training programme and a set of practical resources, including teaching methods, approaches and materials, to equip professionals in their teaching activities in formal, non-formal and informal settings.

The aim is to respond to the challenges of integration and inclusion through culture in educational provision.

The training kit will include contents adapted to project users and beneficiaries' specific needs.

Be creative! handbook

The manual will set out basic concepts, definitions and innovative methodological approaches to use Art & Culture in classrooms and in non-formal and informal learning environments.

It will also include guidance on how the training kit and its resources can be used effectively to help implement a coherent and efficient training programme.

Be creative! pathways

Training pathways will be designed and adapted to beneficiaries' needs with possibility to show off their experience as well as competence & professional development, taking the format of a practical ready-to-use online or paper "Portfolio".

This tool will make learners to mobilize and combine their learning in the long run and will give them the opportunity to be active in the realisation of complex art tasks to enhance their soft and transversal Be creative! e-platform

Be creative! e-platform, open learning system, where project deliverables will be uploaded and made accessible. It is addressed to both trainees and trainers to raise awareness and develop knowledge on different elements related with use of cultural activities in the training processes, throughout interactive learning elements like scenarios, infographics, videos and/or gamification.

The platform will support the accomplishment of **Be creative!** project following main objectives:

- Open Education Resources repository: featuring an online space where the project developed outputs will be easily and freely accessible;
- promotional media: to disseminate the project, its activities and outputs, in order to ensure maximum outreach, longer impact and sustainability;
- networking tool: shared by participants, stakeholders and other relevant and/or interested organizations, aimed at multiplying the effect of dissemination and exploitation;
- dissemination hub: notably source of relevant information, contents, resources, methodologies on using cultural activities in training settings addressing insertion and integration of vulnerable adults, aimed at creating awareness about its relevance and usefulness.

Steering Committee Meeting

Be creative! first face-to-face steering committee meeting took place in Spain from November 25th to 26th 2021. Representative of all partner organizations attended. They discussed the work conducted so far in development of **Be creative!** training kit and **Be creative!** handbook. More to come!
